## LET THE MILITARY MEN SPEAK

Free the Military to Speak and Act --- The Hollow Men Have Misled This Nation Too Long

### TIME TO LISTEN TO THE MILITARY MEN

The crisis which besets the world today is primarily a military crisis, not an ideological crisis. We have been steeped for so long in the propaganda of "Class War" that its myths are all-pervasive. It is time to face the fact that the "Class War" is a phoney. There is no Class War. There has never been any Class War. There will never be any Class War. Instead, there is a "Class War Myth" which the Culture - Distorters have used for thoroughly ulterior purposes.

The "Class War Myth" was worn out in Europe before it ever got a good head of steam in the U.S.A. In Germany, between the Years 1880 and 1914, politics were polarized between "Right" and "Left," just as they are in the U.S.A. today. The Middle Class constantly expressed its horror over the "Godless Proletariat." Gasbags made endless speeches praising "Private Enterprise." Society was divided and weakened by Class hatreds. By the middle 1920's, Germany was beginning to be cynical about this game. Oswald Spengler had pointed out that "Proletarian" movements always do the work of the Big Money, and that political parties exist primarily for the purpose of receiving subsidies, and doing the work of the people who pay the subsidies. Since even the Marxist parties were subsidized by the bankers, they talked a good game of "Proletarian Revolution," but when the chips were down, they did the bidding of the bankers. Later, V. I. Lenin told who really ran the Communist Party. He said, "There could have been no socialism without the help of the great banks."

Communism is not the product of the Proletariat. It is the work of a ruling class which seeks to rule by the manipulation of public opinion between "Right" and "Left." Europe had already worn out this system and had become utterly disgusted with it before it was adopted in the United States in 1933. Jews are the chief proponents of such a system. Jewish intellectuals are the chief authors of the intellectual charlatanry involved in such a matter. The Jews tell you that they can dominate you by the superiority of their "Ideas," and their "Propaganda." This is the system they have used: They have led you to believe that "The Masses" of the Earth are engaged in a "Revolution" based upon the ideas of Karl Marx. You should, of course, be able to see the evidence in front of your nose. You should be able to see that no such thing is really going on. The Jews baited this hook well for you, though. They knew your class-vanities, your selfishness, your cheapjack snobbery. The philosophy they invented for you pleases you. It gives you an excuse to hate the poor. It makes you feel superior. In fact, it is a way of giving away everything you have to the Jews, abdicating your political power, and giving the Culture-Distorters control of the mass

Guard the Banner of the Free?"

media. You don't see this until too late. The Jews knew you wouldn't. Stupid Goy! What made you think you could cope with the Jews?

#### You Are Deceived

You didn't cope successfully with them. They deceived you successfully. They licked you in the struggle for domestic political power. They took your country away from you. They educated the poor to "Think Jewish" and to reject the leadership of the rich Gentiles, who have not demonstrated much real political talent in recent years anyway. The Jews have the country by the tail on a downhill pull.

By rights, we ought to be entering now the Jewish Messianic World State. There should be no disorder in the world, but only the smooth, orderly exercise of Jewish Power.

### THE HOLLOW MEN

My neighbors are nice people. They are honest. They pay their bills. They have nice manners. I do not wish to pick any quarrels with them. Nevertheless, they become a pain in the neck every time an election rolls around. They are always running to my house touting the merits of this or that alleged "Conservative" candidate who is standing for election. Perhaps I am a bit too crusty, but my standards for a "Conservative" candidate are very rigid indeed. I do not take seriously most of the much-touted saviors of our country who appear on the tickets of the major parties. It seems to me that we have been deprived of the franchise, and that most of our elections are hollow mockeries which offer neither a choice nor an echo. Usually there is a "Conservative" candidate and a "Liberal" candidate. The puppet-strings attached to both of them lead straight into the same Board Rooms of the same banks in New York.

Many long years ago, when "Ike" first ran for President, many of my good friends and neighbors voted for him. They were bemused by the words "REPUBLICAN PARTY" and they thought that if only they could elect "Ike" they would be wafted gently back to the good old days of the McKinley Administration. On the day that election was held, I went fishing on the ocean. I caught a huge sailfish and a shark. I did not vote. "Ike" had told me all that I needed to know about him when he said: "The best thing I ever did was to listen to the advice of Bernard Baruch." Following the advice of his great and good friend Baruch was indeed good for Ike; but what good did it ever do me?

If a man wishes to be taken seriously as a Conservative candidate by me, he must stand up in front of the TV cameras and take a foursquare, unequivocal stand on the following issues . . .

**ONE:** Withdrawal of the United States from the United Nations. Our nation is being scuttled in order to incorporate it into a World State. I want the Conservative Candidate's clear and unequivocal promise to halt and reverse this process. This does not mean a retreat to isolationism. It means acting as a nation instead of as a pawn in the game of the International Marxist-Money Bags game.

**TWO:** I want to hear the Conservative Candidate come out foursquare in favor of repeal of the Federal Reserve Act. I want him to stand up in front of the TV cameras and tell the American people about the colossal heist job which is being worked on their monetary system. This would not be an unprecedented action. Even Adolf Hitler stood up in the Sports Palace in Berlin and told the truth about international monetary machinations. I never liked Adolf much, but I will have to give him his due: He told the truth about

(Continued on Page 3, Col. 1)

## TIME TO LISTEN TO THE MILITARY MEN

(Continued from Page 1, Col. 2)

Things aren't working out that way, though. Clearly, something has gone wrong with the Jewish plan.

What has gone wrong with it is mainly Russia. Russia is not conducting herself according to the plan. Back in 1917, a pack of Jewish carpetbaggers from New York introduced Communism to Russia. This was supposed to reduce Russia to orderly obedience to Jewish Plans. Russia is supposed to take orders from the New York Jews. Russia is NEVER supposed to make trouble for New York Jews. The sad fact is that Russia is thinking of blowing New York and its Jews over the moon with 100-megaton bombs. The Jews simply cannot believe this. Are not the Russians supposed to be properly hypnotized by "Great, powerful, wonderful Jewish ideas"? Would a Jew in Russia fire an ICBM which will blow up Jews in New York? Indeed, he would. He might mutter, "Sorry, Abie, but I had to blow you up. The profit is too sweet to miss." Nevertheless, he will push the button. The missile will take off from its launching pad near Minsk, and will fly over the North Pole, and will land on poor cousin Abie in New York, and blow him to Kingdom Come in the form of radioactive isotopes. This will prove the failure of the modern Jew as a "World Aristocrat," as a statesman, as a leader, as an intellectual. Unhappily, if it happens, it will also mean the end of the U.S.A. It WILL happen if the Jews stay in power in this country.

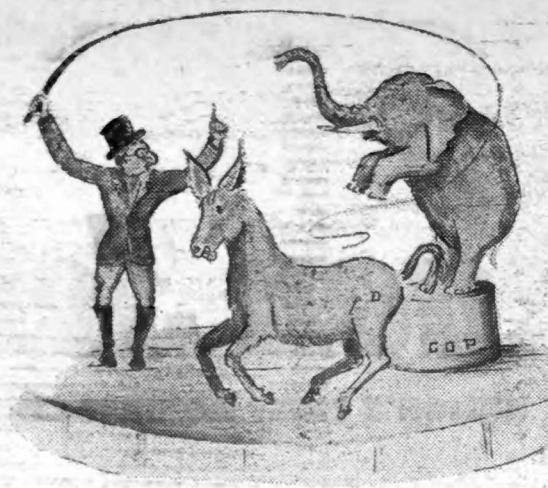

### Military Policy

Our leading military men recognize clearly the fact that Russia is following a military policy which is designed to destroy the United States. This is different from a Communist Revolutionary policy. A Communist Revolutionary policy deals in the antiquated ideas of Karl Marx. No Communist Revolution has ever succeeded anywhere without having a great deal of money spent on it by the International Bankers. China was delivered to Communism by the U.S. State Department. Russia was engulfed in Revolution by carpetbaggers from New York. Every country which has "gone Red" has been pushed into Communism by the World State Machine centered in New York City. Marxism by itself is not a very powerful or dangerous idea. It becomes dangerous only when mixed with BIG MONEY. Bluntly, the "Communist Revolution" is a fraud, a smoke screen behind which the New York gang sought to extend its power around the world. RUSSIAN MILITARY POLICY TODAY IS A DIFFERENT THING ENTIRELY. Russia does not want to "Communize" you. Russia wants to KILL you!

Why do they want to kill you? Once upon a time, a woman was on trial for murdering her husband. The District Attorney asked her, "Why did you kill your husband?" The woman snapped, "Why, to get rid of the blankety-blank so-and-so, of course!" It was a wise answer to a foolish question. Why do the Russians want to kill you? To get rid of you, of course. The world is overpopulated. You breed too fast, use up the world's resources too fast. They would like to have your land for the expansion of their own population. This has absolutely nothing to do with Marxism.

Russian military policy today is like the policy of an old-fashioned Imperialist nation. Russia is carrying out remorselessly a master plan of world conquest. The United States, on the other hand, is ruled by people who think in terms of the foolish and out-dated "World State Idea." We depend upon the gasbags at the U.N. Russia is establishing bases around the world. Russia is developing sea power and a Merchant Marine. Russia is playing the game of old-fashioned Imperialism with sure-footed skill. We are blundering aimlessly from one crisis to another. The pack of nincompoops in Washington have the nerve to stand before us and say, "We must cut back our armaments. Our military stance is provocative to Russia." Such people should be relegated to a home for the feeble-minded, and would be, if our military leaders had their way.

We shall not discuss the military imbroglio

in detail. It has already been done by experts. We recommend the following expert discussions . . .

"America's Clear and Present Danger," by Gen. Nathan F. Twining. (Reader's Digest, March, 1967).

"Neither Liberty Nor Safety," by Nathan F. Twining.

Recently "Science and Mechanics" has published a good discussion on how our military men think Vietnam should have been handled. U.S. News and World Report has given continuously good reports on Vietnam, the Arms Race, and the Middle East Crisis. The public is slowly becoming aware of the military danger.

### WHAT CAN WE DO ABOUT IT?

The essence of the matter is to get rid of the certified nincompoops who have been making government policy in recent years and replace them with bona fide humans. This is easier said than done. Electoral politics offer us little hope. The parties are all on the same payroll, and we are given a choice between Tweedledum and Tweedledee.

Francis Parker Yockey gave a good description of the problems of electoral politics in his Proclamation of London, published back in 1949: "Where authority had stood, clothed with dignity, they now brought in gabbling parliaments, wherein the gabble became ever more meaningless, and the shame ever more patent. For these deputies are

mere things, replaceable units describable only mathematically in aggregates. Among them there is not, and cannot be, a strong individuality, for a man, a whole and entire man, does not sell himself like these parliamentary whores. To replace the authoritative principle of public responsibility culture-disease has brought in the anonymous irresponsibility of the decision of the amorphous majority, which can never again be found after it has committed its treason in Europe. To complete the destruction, the lying fraud of so-called elections tries to re-convince the people of Europe that somehow they govern themselves . . ."

### Real Leadership Needed

The "lying fraud" of elections, as they are conducted today, will never save us. Only an upsurge of popular culture, with a high-voltage leadership to direct it, will win. The American Conservatives currently have little to offer us. Spengler pointed out that a Prince wants to rule, but a Merchant simply wants to be rich. Too often, the American Conservative is satisfied merely to be rich, and is satisfied to let political power and control of the popular culture go to the Jews. This is the way to go to the graveyard. The Jews are in no way competent to exercise the power they hold in this country today. Certainly the disastrous decline of our position in the world should prove that to them. The United States is their last real refuge. Why do they want to burn down the house over our heads and their own? They don't want to do it. They are doing it through sheer incompetence. They simply have no understanding of the principles of power, especially military power. They think that they can rule the world with their preposterous gasbag ideas, which have long since been discredited.

They cannot begin to understand why things are going against them. The Jew has lived a long time protected by, and occasionally persecuted by, the Christian civilization. He has no idea that the motives which formerly protected him and made his machinations possible have now virtually disappeared from the world. The Jew dominates New York, and New York dominates Washington; therefore, this Jewish error dominates United States policy in the world today. United States policy drifts aimlessly and flounders. Soviet policy proceeds ruthlessly according to a carefully-made plan. This is not the way things are supposed to go: The Jews sent carpetbaggers to Russia back in 1917, and took over the country. Russia is supposed to come to heel, to obey New York Jews. Russia has no need for military power, according to this formula; there is to be no "Russian will." Yet Russia is obviously preparing for the war which the Jews think they can prevent by the "Power of great Jewish ideas."

U.S. News and World Report has done a competent job of reporting the fact that Russia is pulling ahead of the United States in the superweapon field. Do you need to worry about it? Of course not! You may not be equal to Russia in weapons, but you have THOSE GREAT, POWERFUL JEWISH IDEAS to protect you! Will Jewish ideas protect against 100-megaton bombs? In the short-term historical future, this country will have the opportunity to find out. Russia is now plentifully supplied with 100-megaton bombs which can cause a fire storm reaching all the way from Portland, Maine to Norfolk, Virginia. The United States has Jewish gasbags, capable of filling the whole country with revolting drivel, through the mass media, every day of the year.

### Who Will Rule the World?

Who will rule the world in the future? Will it boil down to a battle between Russian 100-megaton bombs and American Jewish gasbags? That is the way it is headed now. Walt Rostow, in the State Department, says that our Nation is a bad thing anyway, and ought to be incorporated into the World State. The trouble is, our rulers are thinking of a World State, while Russia is thinking of a RUSSIAN WORLD EMPIRE. This is the source of the great dissonance in the world today. Russia has one aim only: To destroy the United States. The people who rule the United States want to persuade Russia to abandon Nationalism and to unite into a World State run by the Money Men of New York, who also traditionally are the Lords

## GIVE US MEN ...

### GIVE US MEN !

Men — from every rank,  
Fresh and free and frank;  
Men of thought and reading,  
Men of light and leading,  
Men of loyal breeding,  
The nation's welfare speeding;  
Men of faith and not of fiction,  
Men of lofty aim in action;

Give us Men — I say again,  
Give us Men!

### GIVE US MEN !

Strong and stalwart ones;  
Men whom highest hope inspires,  
Men whom purest honor fires,  
Men who trample self beneath them,  
Men who make their country  
wreathe them

As her noble sons,  
Worthy of their sires;  
Men who never shame their mothers,  
Men who never fail their brothers,  
True however false are others:

Give us Men — I say again,  
Give Us Men!

### GIVE US MEN !

Men who, when the tempest gathers,  
Grasp the standard of their fathers  
In the thickest fight;  
Men who strike for home and altar,  
(Let the coward cringe and falter),  
God defend the Right!  
True as truth the lorn and lonely,  
Tender, as the brave are only;  
Men who tread where saints have trod,  
Men for Country, Home—and God:

Give us Men! I say again—again  
Give us Men!

## THE HOLLOW MEN

(Continued from Page 1, Col. 3)

something which American politicians have been lying about for sixty years.

**THREE:** I want to see some steps taken to break the backbone of the corrupt Liberal power system centered around the universities and the mass media. We are being ruled by an alliance between the International Bankers, the Crime Syndicate, the Educators, the Labor Leaders, and other Orwellian 1984-model Technocrats. I want to see a real attack upon this system. A good place to start would be the universities. The professoriat should be removed from the inner sanctum of political power and sent back to the business of educating the young, a task which they have neglected sadly in recent years. The French professoriat ruined France and brought the defeat of 1940. The American professoriat is destroying America. The ascendancy of the professoriat in France began with the so-called "Dreyfus Affair," which was engineered precisely in order to take power from the Military Establishment and the church, and to turn it over to the universities and the Jew bankers. This meant the destruction of power institutions which truly represented the nation, and the transfer of political power to minority interests, mainly the Jews. It has meant the same thing in America. The professoriat have flouted the culture of the white Gentile majority and have pimped assiduously for ambitious and corrupt minorities. The academic gasbag boasts, "It is WE who shall decide what the people shall believe." The professoriat have, in recent years, manufactured more preposterous and unworkable social myths than the American public can digest and accept.

Little Billy Buckley said, at the time of the Goldwater campaign, that if the Conservatives won, then Conservative professors would emerge to take the place of Liberal professors who have been in power for many years. I will go Billy Buckley one better: The universities should not hold any political power. They should be put back into the business of educating the young, a task which they have very nearly abandoned in recent years. The university is not a good custodian of political power.

Neither is it the best place for research. Research in such subjects as cancer cures, defense, and space exploration is being hampered seriously by cheesy academic politics. One reason why Russia is forging ahead of America in the arms race is the fact that they rigidly separate their research projects from their universities.

As for the Mass Media, they have become a wholly destructive influence in our national life, and no longer are capable of serving useful constructive purposes. The Jewish power over the Mass Media has been exercised with consummate disregard for the national interests. We no longer have "Freedom of the Press." We have Jewish blacklists of writers and business establishments; we have a Jewish monopoly of publications and book distribution, which refuses to distribute books not acceptable to Jews. Steps should be taken to break up the Jewish communications monopoly. What is the Sherman Anti-Trust Act for, anyway?

**FOUR:** The Conservative Candidate must come out foursquare in favor of adequate National Defense. Our national existence must not be staked upon the intellectual machinations of International Jew-Marxists.

What would happen to a "Conservative Candidate" who favored these four things? In the first place, he would not be a candidate. He would simply disappear into obscurity and you would never hear of him. If he ever did disguise himself well enough to sneak into office, what would happen to him? Most likely, the same thing which happened to Kennedy in Dallas.

Now, for Pete's sake, dear neighbors, will you please stop being a bunch of pests? Will you please stop coming to my house and touting these phony "Conservative" candidates of yours? I have such a towering contempt for the present-day breeds of American politicians, that I will not associate with them socially. I will not speak to them or shake hands with them, even hypocritically, I have seen too many judges sitting on the judicial bench with bribe money in their pockets; I have

seen too many State Legislators stampeding like cattle to grab whatever payola is offered to them by the charlatans and quacks who hold the real power in America today; I have seen too many "Conservative Candidates" whose great and good friends, such as Bernard Baruch, held the puppet strings attached to them. In short, the Jews are ruling the country. If you want to talk politics to me, talk about a way to overthrow the Jewish power. Otherwise, go and bore the daylights out of somebody else.

The woods are full of "Conservative Candidates" who will talk a good game of "Conservatism." They will conjure visions of the good old days of William McKinley, and vaguely promise you a return to same. They will "Fight Communism." They will arrest some poor moron who carries a Communist Card mainly because he is simple-minded, and will rush him off to prison. They WILL NOT arrest any of the millionaires who for years paid the deficits of a money-losing daily paper called The Daily Worker in New York. They will ply you with pseudo-conservative hogwash and beautifully-concocted Jewish political fictions. When American interests suffer a staggering blow in the Middle East, they will hail the great "Anti-Communist" victory won by the Israeli forces. They will caution against "racial prejudice." They will flout the will of the white Gentile majority and go after the support of minority groups. They will do this because they are cheap political charlatans and opportunists.

Then, so help me God, my nice neighbors will come to my house and tell me what

"Great Conservatives" and "Great Anti-Communists" these contemptible gasbags and humbugs are.

What is wrong with my neighbors, anyway? Superficially, they seem fairly bright. They are prosperous. When they get into political activity they behave like retarded children. They readily accept any grinning jackass who comes along and calls himself a Conservative. No examination is made of his credentials; no questions are asked. All he has to do is call himself a "Conservative" and make a few perfunctory anti-Communist noises. He will be awarded the devotion of the prosperous. They will shout themselves hoarse for him. After he is elected, he will betray them. He will continue the same sad, shoddy, and sorry policies which made our country the real instigator of the Russian and Chinese Revolutions. He will regard the Federal Reserve Bank as sacrosanct. He will lick the boots of the Jews, who in turn will continue to use YOU for a doormat. They have monopolized your literature, your educational system, your mass communications. They educate your children and turn them into homosexuals or transvestites. Joe Blow, the "Great Conservative" you voted for, will make dutiful anti-Communist noises from time to time, but when the Jews lay down the law to him, he will vote aid to Communists around the world.

Do you still wonder why some of us bloody old Reactionaries go fishing on Election Day instead of staying at home to vote dutifully for your blasted phony "Conservatives"? We are not filled with fear that the world will go "Red." We know that the contemporary world will go up in smoke unless it pays a little more attention to the basic realities of life.

The real fact is that American Conservatism does not possess an adequate set of intellectual and cultural equipment to win a real victory in the United States today. We have only empty slogans, nostalgia, stale ideas, and defeatism. Efforts have been made to create a winning intellectual combination. We take off our hats to American Mercury and Western Destiny for the fine articles on these subjects which they have published recently. We also salute Professor Revilo P. Oliver for his articles on Imperium in these publications. Nevertheless, we are a long way from possessing a really victorious combination. The valiant efforts of the Mercury and Professor Oliver have no big-time backing. Bluntly, American Conservatism is still dominated by shallow and incompetent gasbags and bores who are all too ready to accept the quack promise, instead of the living reality of a dynamic National Conservatism. Until this situation is remedied, I shall continue to go fishing on Election Days !!!

If the debt should once more be swelled to a formidable size, its entire discharge will be despaired of, and we shall be committed to a career of debt, corruption and rottenness, closing with revolution."**

## THE STATE OF ALL-JUDAAN

Judaism is the most closely organized power on earth. It forms a State whose citizens are unconditionally loyal wherever they may be and whether rich or poor.

The name which is given to this State, which circulates among all the states, is "All-Judaan."

The means of power of the State of All-Judaan are capital and journalism, or money and propaganda.

All-Judaan is the only State that exercises world government; all the other States can and may exercise national government only.

The principal culture of All-Judaan is journalistic; the technical, scientific, literary, performances of the modern Jew are throughout journalistic performances. They are due to the marvellous talent of the Jews for receptivity of others' ideas. Capital and Journalism are joined in the Press to create a political and spiritual medium of Jewish power.

The government of this State of All-Judaan is wonderfully organized. Paris was the first seat, but has now been moved to a lower place. Before 1914 London was its first, and New York its second capital. New York now supplants London.

All-Judaan is not in a position to have a standing army and navy, other states supply these for it. It was the British Fleet which guarded from hindrance the progress of all-Jewish world economy, or that part of it which depends on the sea. In return, All-Judaan assured Britain an undisturbed political and territorial rule.

Then New York supplanted London. The drift of the Jews in the 19th century expedited into a great flood after World War I, made the United States the seat of Jewish power and influence. "America" and her fleets, armies, citizens, takes the place of Britain as the "ruler of the world." It merely means that Jewry has moved from the British Empire to the American Continent.

All-Judaan is willing to entrust the government of various strips of the world to nationalistic governments; it only asks to control the governments. Judaism is passionately in favor of perpetuating nationalistic divisions for the Gentile world. For themselves, Jews never became assimilated with any nation. They are a separate people, always were and always will be.

All-Judaan's only quarrel with any nation occurs when that nation makes it impossible, or tries to make it so, for All-Judaan to control that nation's industrial and financial profits. It can make war, it can make peace; it can command anarchy in stubborn cases, it can restore order. It holds the sinews of world power in its hand and it apportions them among the nations in such ways as will best support All-Judaan's plan.

Controlling the world's source of news, All-Judaan can always prepare the minds of the people for its next move. The greatest exposure yet to be made is the way that news is manufactured and the way in which the mind of whole nations is moulded for a purpose.

When the powerful Jew is at last traced and his hand revealed, then comes the ready cry of persecution and it echoes through the world press. The real cause of the persecution (which is the oppression of the people by the financial practices of the Jews) is never given publicity.

All-Judaan has its vice-governments in every capital. Having wreaked its vengeance on Germany, it will go forth to conquer other nations. Britain it already has. France and Russia it has long held, The United States, with its good-natured tolerance of all races, offered a promising field. All-Judaan is here. The scene of operations changes, but the Jew is the same throughout the centuries.

## THE CONSTITUTION

By THURMAN SENSING

The group of men who founded our government, who wrote the documents which were adopted and under which we have since lived and prospered, were undoubtedly the finest students of history and government ever gathered together in this world at any one place at any one time.

As the brilliant Prime Minister of Great Britain, William Gladstone, was later to say, "The American Constitution is the most wonderful work ever struck off at a given time by the brain and purpose of man."

The written constitution which was adopted at the time was, of course, the central document around which our whole government revolved. By means of this Constitution was established the system of checks and balances between the legislative, the executive and the judicial branches — between the Federal and State governments—which was to assure an equitable government for the people from that time thenceforth. For the first time in the history of nations was established a government that belonged to the people rather than a people who belonged to their government. So long as the principles enumerated in the Constitution were observed, the freedom of the American people was assured.

Now, however, we have fallen upon evil days; we have reached an era in this country which all our forefathers feared — the framework of government is crumbling. Three decades ago, Justice Jas. C. McReynolds, of the Supreme Court of the United States, listened to a majority opinion of the Court from which he dissented, and exclaimed, "The Constitution — it's gone."

David Lawrence in the May 31, 1965 issue of U.S. News & World Report wrote, "The Constitution is written in plain language:

**The powers not delegated to the United States by the Constitution nor prohibited by it to the States, are reserved to the States respectively, or to the people.'**

"The weakening of the power of the States and the enlargement of the powers of the Federal Government have never before reached the extremes which we are witnessing today . . .

"This is not the constitutional system that our forefathers ordained. This is not the rule of justice or the rule of law. The truth of the matter is that the Constitution as we have known it is gone. It has not been amended in the way prescribed in the Constitution itself. It has been changed by arbitrary acts no less vicious than the edicts of dictators who have suppressed democracy in the world. The tyranny of the majority in a legislature, supported by judicial oligarchy, can be as harmful to free government as the autocracy of an individual despot."

Daniel Webster in his eulogy on General Washington in 1832 stated:

"Other misfortunes may be borne, or their effects overcome. If disastrous wars should sweep our commerce from the ocean, another generation may renew it; if it exhaust our treasury, future industry may replenish it; if it desolate and lay waste our fields, still, under a new cultivation, they will grow green again, and ripen to future harvests."

"It were but a trifle even if the walls of yonder Capitol were to crumble, if its lofty pillars should fall, and its gorgeous decorations be all covered by the dust of the valley. All these may be rebuilt.

"But who shall reconstruct the fabric of demolished government?

"Who shall rear again the well - proportioned columns of constitutional liberty?

"Who shall frame together the skillful architecture which united national sovereignty with State rights, individual security, and Public prosperity?

"No, if these columns fall, they will be raised not again. Like the Coliseum and the Parthenon, they will be destined to a mournful and a melancholy immortality. Bitterer tears, however, will flow over them than were ever shed over the monuments of Roman and Grecian art; for they will be the monuments of a more glorious edifice than Greece or Rome ever saw, the edifice of constitutional American liberty."

Americans, take heed — lest in this generation our liberty be lost beyond recall!

and Masters of World Communism. Bluntly, the United States is following a Communist policy, while Russia is not. The American Establishment has its moments of brilliance, but it is ruled mostly by men with cold hearts and muddy minds, men of no sense of reality. We no longer win wars. We "escalate" them and "de-escalate" them, and apparently try to keep them going forever. We no longer think in terms of military positions, but rather in terms of Jewish politics. The Jew is not a competent militarist. He does not think in terms of American destiny. If he cannot rule both Russia and America, he apparently is willing to see both destroyed.

As of now, Russia is winning, we are losing. Many people see this as a conspiracy between Communists in this country and Communists in Russia. It is indeed something like that, but not quite. The fact is that the American Communists, who are Jews, are supposed to be the real topdogs of World Communism. They supplied the money, millions of dollars, for the 1917 Revolution in Russia. They turned China into a Communist country. They connived at the destruction of the British, Dutch, and French colonial empires, and they spread Communism around the world. New York is the intellectual capitol of World Marxism. Yet Moscow refuses to accept its role as a mere branch office. Moscow wants to replace New York as the "headquarters," and it wants to replace the Jewish bosses with bosses who are of the great Russian race, the race of central Russia. To be exact, it is the Red Army Marshals who want to be the bosses. A little Jew named Ginsburg recently tried to publish some "Liberal" articles in Moscow, but he was jailed and put on trial. In Russia today, the Jews have the writers, the Red Army has the guns. Will Ginsburg be able to beat the Army? I do not think so. Perhaps you had better hope that I am wrong. Your life is being bet on the proposition that intellectuals like Ginsburg can "tame" Russia and bring her back under Jewish domination. If this fails, then the great fire storms may blow across America and exterminate most of the population of the U.S.A.

One reader wrote to us and asked, "To whom can we listen today"? We have the right answer to that: LISTEN TO THE MILITARY MEN. The phoney "establishment" which rules Washington is trying to gag them, but a few of them manage to get their words before the public. Listen to General Twining. Listen to the Joint Chiefs of Staff. Insist that the politicians take the gag off the military men, and let them tell the American people the real nature of the danger which this nation faces today.
